RESPONSE

BOX NON-FEE AMENDMENT
Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

In reply to the Office Action dated November 20, 2000, the following remarks are provided:

Remarks

This Amendment is submitted in response to the Office Action dated November 20, 2000. Claims 1-8, 51, and 52 are pending.

Rejection under 35 U.S.C. §112, second paragraph

Claims 1-8, 51, and 52 were rejected under 35 U.S.C. §112, second paragraph, as being allegedly indefinite based on the use of the term "prepared from". The Office Action asserts that it is not clear "if the particles are treated coal slag or coal fly ash before application of the outer shell." The Applicant respectfully disagrees and submits that the term used in the claim is clear, particularly in view of the Applicant's specification. The Applicant submits that the term

"prepared from" has been selected to indicate that coal fly ash or coal slag is the source material for the particles. The specification describes one method of preparing the particles in which the coal fly ash or coal slag is heated, as described, for example, on page 6, line 20 to page 9, line 31. It will be also be recognized that the Applicant has indicated that the coal fly ash or coal slag can be combined or treated with adjuvants and additives as described on page 10, lines 1-17.

Because the Applicant's claims satisfy 35 U.S.C. §112, the Applicant respectfully requests that the rejection of these claims be withdrawn.

Conclusion

In view of the amendments to the arguments presented herein, the Applicant respectfully submits that each of the presently pending claims (claims 1-8, 51, and 52) is in condition for allowance and notification to that effect is respectfully requested. The Examiner is invited to contact Applicant's representative at the below-listed telephone number, if it is believed that prosecution of this application may be assisted thereby.

Respectfully submitted,

MERCHANT & GOULD P.C.
